Dear Potential Applicant,

On behalf of the Search Committee, thank you for your interest in the position of Music Director at Longview Community Church.

Longview Community Church is an independent, nondenominational church worshipping in the reformed tradition with a long history of musical excellence. Longview Community Church has two Sunday services; a Contemporary/Blended Service at 8:45 AM, and a Traditional Service at 11:00 AM.

Resources available to the Music Director include a full SATB choir (the "Temple Singers"), sanctuary pipe organ, piano, Yamaha Clavinova, full compliment of Schulmerich hand bells and chimes, available soloists and instrumentalists, large music library, professional choir accompanist, professional organist, and a contemporary worship team. Handel's "Messiah" with full choir and orchestra has been presented yearly to the community for many decades.

We are seeking a part-time Music Director to collaborate with the Senior Pastor in supporting and coordinating the entire church music ministry, with specific responsibilities in the Traditional Service to select congregational hymns, prepare musical liturgy (i.e., choral introits, benedictions, etc.), and rehearse and conduct the Temple Singers for anthems and other special music needs. The Music Director supports the existing worship team in the Contemporary/Blended Service, but has no direct responsibilities for this service except as directed by the Senior Pastor. We expect the candidate to possess a sincere commitment to the Christian faith, and be able to bring creative ideas to enhance the music program.

Our previous Music Director served in dual roles of Music Director and Organist. We currently have a superb organist to fill the vacant position. If you are interested in applying for both positions, please contact us for additional information.

In Christ,

Rick Little  
Chairman, Music Director Search Committee
